***Response to Amendment***

The following is in response to the amendment filed on November 3, 2006.

***Allowable Subject Matter***

Claims 1, 3-6, 8, 9, and 12-42 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1, 3-6, 8, 9, 12, 28-32, and 36-40 are allowed, because the prior art does not disclose or suggest a movable float bath comprising a float bath and a transport assembly for the bath, wherein the transport assembly comprises the claimed combination, arrangement, and attachment of at least one rail, at least two supports, and at least one wheel or roller assembly.

Claims 13-27 are allowed, because the prior art does not disclose or suggest an adapter for a float bath that is adjustable to receive molten glass from a plurality of glass melting furnaces and deliver the molten glass to the float bath.

Claim 33 is allowed, because the prior art does not disclose or suggest a float bath having a transport assembly for moving the bath, wherein the transport assembly comprises a wheel assembly and a jack assembly.

Claim 34 is allowed, because the prior art does not disclose or suggest a float bath having a transport assembly for moving the bath, wherein the transport assembly comprises the claimed combination and arrangement of an undercarriage, at least one rail, a jack assembly, and at least one wheel assembly.

Art Unit: 1731

Claim 35 is allowed, because the prior art does not disclose or suggest a float bath having a transport assembly for moving the bath, wherein the transport assembly comprises a portable float bath control system.

Claims 41 and 42 are allowed, because the prior art does not disclose or suggest an adjustable adapter for delivering molten glass from a furnace to a float bath comprising the claimed combination and arrangement of a base with lift and platform, and a carriage with transport assembly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

Applicant's arguments filed November 3, 2006 have been fully considered.

Applicant's arguments and amendments to the claims have overcome the rejection under 35 U.S.C. 103(a) set forth previously over Hitchcock (US 1,564,240). Neither Hitchcock nor any other reference applied previously, alone or in combination, does not teach or suggest at least the claimed features discussed above.

The election/restriction by original presentation set forth previously for claims 36-40 has been withdrawn. The claims have been examined on their merits in accordance with claim 1.
